

Select your favourite art work.

- What is it called.?

- Who made it?

- Do a quick sketch of the work here

- Use this space (or another piece of paper) to create a mind map which helps you to describe the art work

IN MY OPINION...

Select an art work that interests you somehow (you don't necessarily have to like it).

Ask yourself these questions... put some quick responses in the boxes

- What am I looking at? (eg. Is it large, small, part of a series, 2D or 3D, a drawing, a painting, text, video, photographs, mixed media?)

- Can I notice new things about the work if I change position? Move closer to it, away from it, look down or look up, move around it.

- What else can I experience? Are there any sounds or smells?

- What am I thinking when I look at this? Shocked? Puzzled? Interested? Intrigued? Entertained? Curious? Amazed? Amused? Annoyed? Happy? Sad?
